What members are saying...

"One year ago, we made the best and most profitable decision in our lives to join UCC TotalHome®. Our house was undergoing a major renovation, including the kitchen, master bedroom, patio and more, and we needed everything.

The wonderful people at UCC TotalHome made it easy to shop all in one place. We purchased everything from cabinet hardware to our whirlpool tub, and saved thousands of dollars in the process. We've been thrilled with our membership and recommend everyone join UCC TotalHome."

"We've enjoyed all the benefits of being UCC TotalHome members. We purchased cherry wood cabinets for our home that sold in local stores for around \$34,000. Through UCC TotalHome, we were able to buy them for just under \$16,000. We've also saved half on lights, plumbing fixtures, ceiling fans, living room furniture and bedroom furniture, without sacrificing quality. We love UCC TotalHome and what it's done for the quality of our home and family."
