Baobab Collection Feathers Scented Candles Collection

$115 – $630

The Baobab Collection Feathers Scented Candles Collection features distinctive candles in pure white hand-blown glass vessels with richly contrasting feathery hues. The elegant designs are derived from a dream-like fresco by illustrator Yann Legendre, photographed by Peter Lippmann. The trio of exquisite fragrance blends include Mint – Jasmine – Musk (Touareg), Patchouli – Rum Extract – Amber (Masaai), and Saffron – Black Rose – Oud Wood (Feathers). Hand-poured with premium German mineral wax, each candle comes neatly wrapped with Baobab Collection's signature black logo ribbon and presented in an elegant black textured box, making it the perfect gift.
